Re the case of the Revana Seddeswara Temple, Closepet Sub Taluk.

There is no written petition in this Office from Rama Yogeswara on this subject.

The Dewan made an Enquiry on the point on 26th Augt 1903, and the Dy Comr was asked to report. One report was received, but as it was unsufficient, a full report was called for on 13th Oct 1903. No reply has yet been received to this Comn. A reminder was sent yesterday.

It is not clear what the Yogeswara wants, and therefore the Dy Comr has been asked for a full report.

Note continued

The Deputy Commissioner of Bangalore was written to on the 5th instant, in accordance with the Dewan's Orders dated the 3rd idem. His reply has been just received, but the info^n contained in it ~~not yet been received~~ is very meagre.

Letter No. 6 dated 13/15 Aug^t 1904.

Meanwhile, as I went to Closepet last week, I visited the Revana Siddheswara ~~temple~~ Hill on the 7th instant and was there met by the Yogiswara who is the sole Dharmadarsi of the temple. I found the temple of Bheemeswara, which is situated midway up the hill, in good order, and the accounts properly kept. The task from Government is very little, being only Rs 11- 10-0 per annum, but a pretty large income is derived from Kanikes from devotees, the scale of payment of which was sanctioned by Government. These Kanikes are collected in a sealed Golaka kept

about
*. Rs 30/- a month

for the purpose, and with this fund, the establishment and other charges are defrayed, and a small saving of about 10 Rs effected every month. The total balance now at the credit of the institution is a little over Rs 2000/-.

The Yogiswara asks urgently for a car for the temple. There is at present no car of any kind, but the Rathotsava is held by means of a makeshift arrangement got up on country carts. An estimate for Rs 99/- prepared under the orders of the Deputy Amildar of Closepet has been presented to me by the Yogeswara for building a new car. The Yogiswara says in his petition dated 16th instant, that the car may be constructed under the supervision of the Senior Assistant

Commissioner Mr. Chengiah Chetty, and that he (the Yogiswara) will himself inspect the work and give his suggestions from time to time.

Considering that there are savings at the credit of the temple which is maintained in an efficient state, and considering also that the celebration of the Rathotsava on a suitable car may lead to more Kanikes being collected in future, I think that the estimate now submitted may be sanctioned, the construction being supervised by the Senior Assistant Commissioner Mr. Chengiah Chetty and the Yogiswara.

Submitted to the Dewan through the 2nd Councillor.

Bangalore Deputy Commissioner's letter no. 8 dated 16th August 1904.

This communication which relates to the construction of a new car for the Revana Siddeswara temple in the Closepet Sub Taluk, was received on the 17th Instant, after I had submitted my note on the subject to the Dewan through the 2nd Councillor.

2. The present letter from the Deputy Commissioner contains only the facts which I have already submitted from information obtained during my personal inspection.

3 The estimate for Rs 1210/- now received appears to have been submitted to the Deputy Commissioner last year, as intimated to me by the Sub Taluk Officials. The more recent estimate submitted for orders

on the 17th Instant so for a less amount, viz, Rs 991 It seems sufficient to sanction the smaller estimate.

Sir,

With reference to your Docket No 623/2 o 96 dated 2nd September 1903, calling for report regarding the Car of Revana-Siddeswara swami temple in Hoskote Sub Taluk, I have the honor to state that it is reported, that the Temple owns

owns no car now, the one that it formerly had having gone out-of repair and become quite unserviceable a number of years ago. But the Car festival is as usual being carried with a car constructed for the occasion with the wheels of common carts and a few bamboos. This being a temple held in veneration by a large number of devotees and of great local celebrity, I beg to recommend that sanction may be granted for the construction of a regular car for the Temple at a cost of Rs 1210/-, for which I enclose an estimate prepared by the District Over Seer.

2. The cost may be met from the

the amount of Rs 1896-14-6, which is in the Savings Bank at the credit of the Female.

Submitting a measurement bill for Rs 248-3-2 for the Construction of a car to the Revana Siddeswara Swami temple in the closed Sub Taluk

Adverting to the above has the honor to State that a sum of Rs 559-4-0 was always paid on measurement bill in addition to the amount of

GPB—2,000—7-2-06

of Rs 400/-. This makes a total sum of Rs. 959-4-0 against the Sanctioned Estimate for Rs 991/-. It is not clearly explained whether the present bill for Rs 248-3-2 is an adjustment of a portion of the advance outstanding against the Contractor and if so, why no mention of the advance already paid has been made in the bill This omission should be explained.

2. It is also pointed out that the bill does not bear the Countersignature of the Dy Comr and that it is full of corrections

3. The enclosure is therefore herewith returned with a request that a clean copy of the bill be submitted together with
